PRIMARY LAW REFORM.

Ride through the country and see the way notices of the election are posted on old stumps, on stakes by the roadside and on barns.
Publishing that notice in all the newspapers of the county would not cost as much money, and WOULD REACH ALL THE PEOPLE WHO VOTE.

The same kind of notices must be stuck up again for the general election. These notices are only for the primary election.

After awhile we will become civilized and advertise public affairs where the great mass of the public get their information.

WHAT WOULD BE THE HARM IF A COPY OF THE PRIMARY BALLOT WERE MAILED TO EACH VOTER A WEEK BEFORE THE PRIMARY ELECTION?

In some states the official Australian ballot is mailed to the voter at his residence a week before the election.

There are several respects in which the primary law could be amended, as well as the registration law. These laws are too complicated.

THE MARION COUNTY TICKET.

There is not much strife over the nominations for the county offices in Marion county.

For county clerk R. D. Allen, of 811-verton, and H. A. Crossan, of Salem, are aspirants, and both good men.

Mr. Allen has been bookkeeper at the state insane asylum for many years and is favorably known.

Mr. Crossan has served in the Salem Republican city council in a very efficient manner. He has never held any other office. As a prominent member of the Grand Army, he will get their support.

For recorder and the other minor offices there is not much strife. There are good and competent men in the field for each of them.

For county commissioner the present incumbent, Captain Wm. Milroy, of Au-

rors, is running against a new man in county politics, Wm. Goulet, of Woodburn.

The county government is really of more importance to the people than who shall become United States senator.

The selection of first-class men, and the composition of a ticket that is well distributed is of the greatest importance to the people and the Republican party.

THE RING AGAINST TOOZE.

In politics people ought to look around and see in what kind of company they find themselves.

For instance, Candidate Walter Tooze, of Woodburn, is not supported by a single one of the old school land ring.

If you want a congressman who is free from their domination, then support Tooze at the primary for congress.

For instance, NOT A SINGLE ONE OF THE OLD SALEM POLITICAL RING IS SUPPORTING TOOZE FOR CONGRESS.

If you want a congressman who is easy game for that gang, who run this county in debt and disgrace, support Tooze for congress.

Show us a Marion county machine politician who has been indicted for land frauds, and we will show you a man fighting Tooze.

They want a man who is easy and no obstacle to ring rule, and who will make ring appointments, and do machine dictation.

The people who want a new deal and a clean deal should NOMINATE THE MAN THE GUMSHOE BRIGADE DON'T WANT, AND THEY WILL GET GOOD RESULTS.

This is plain talk, but, so far as lies in the power of this little one-horse paper, the truth about candidates will be told.

A SQUARE DEAL FOR MINISTERS.

(Independent West Side.)

A Rev. Mr. Miller, an evangelist engaged in revival work at Corvallis, was ejected Sunday night. The waste of eggs grew out of sentiment aroused by the preacher in reported attacks from the pulpit on Corvallis people and statements made that could not be substantiated. The story is that Mr. Miller fell to tongue lashing Corvallis people for toleration of things that did not meet his approval and stated among other things that gambling dens were maintained and that anybody could buy whiskey in that local option town.

Called before the grand jury, it is said that the minister failed to make good. Thoughtless boys took it upon themselves to square with the preacher by throwing eggs. The preacher, according to reports, is a misfit in the pulpit and the boys adopted a method of revenge no longer countenanced by law abiding people and cultured society. The episode is unfortunate for Corvallis. While the preacher may have degraded the pulpit, the home boys did injury to their town. Egg throwing is bad. Any method of attack not in the open is bad. A preacher who takes advantage of the pulpit to vilify people, make misstatements, or stir up unnecessary neighborhood strife is bad for a community. But meet him openly. Give him a square deal. He will pass on quickly enough. Though the provocation may seem great, a community cannot afford to tolerate any sort of secret attacks.

NATIONAL EDUCATIONAL CONVENTION.

The National Educational association will hold its annual convention in San Francisco from July 7 to 14 of this year. The people of San Francisco and, in fact, the people of the whole Pacific coast, are preparing a welcome and reception to the teachers the equal of which has never been given to any organization.

The educational value of these meetings is well known and those interested in education throughout the state are anxious to have our teachers participate, first, because it will be many years before another National Educational association will be so accessible, and, second, because our standing educationally will be judged largely by the attendance of Oregon teachers at this convention.

The railroad and steamboat lines have granted very liberal rates, and the local committee at San Francisco assures us that there will be no advance in the regular rates at hotels, rooming houses and restaurants in San Francisco during the convention week.

Any data or information in any way relating to the meeting can be obtained by addressing the California committee, N. E. A. No. 25, New Montgomery St., San Francisco, Cal., or J. H. Ackerman, Salem, Oregon.

GRAND JURY REPORTS

The grand jury, composed of R. W. Carey, foreman; W. T. Bigdon, secretary; Paul Kleppin, John McCormick, T. G. Chestnut, J. M. Morley and H. T. Hayes, presented the following report:

We, the grand jury, called for the present term of court, beg to make the following report:

We have examined into every case that has been brought to our notice, either by information or by examining magistrates and have returned either true bills or not true bills. We have examined four witnesses; found three true bills and four not true bills.

We have visited the penitentiary and found the premises well kept and in apparent good order. We went through all departments of the institution and found as follows:

There are about 800 volumes in the library. Most of the books are quite old and much soiled from constant use and in our opinion 100 new or clean volumes of fresh, up-to-date matter should be added to the library.

The kitchen is quite well supplied with good, up-to-date cooking apparatus, and we heartily approve the methods employed and the results produced.

In the vegetable room, store room, butcher shop, etc., every thing was neat and clean and showed to the best possible advantage from a sanitary point of view. The laundry, bath room, toilets, etc., showed the same general regard for sanitary conditions. In the hospital we found but one patient (a victim of tuberculosis) which speaks in stronger terms of the sanitary conditions than any words we could use.

There is one section of sewage still in use, a section of the old original type, which has given considerable trouble, and will ere long prove a menace to the health of the institution unless replaced soon with a more modern equipment, and we recommend that this matter be looked after in the near future.

The county jail was also examined, and we would recommend, as other grand juries have done, that another toilet and bath be constructed therein, as at the present time male and female prisoners must use the same room for these purposes. This causes extra work and annoyance to the jailor and prisoners.

We also visited the poor farm and found the general conditions satisfactory. The matter of sewage, however, is very unsatisfactory. The only drain from the house is through common tiling less than one hundred feet where it empties upon a surface of the ground, maintaining a cesspool the year round. During warm days a deleterious odor arises from the cesspool, which is annoying, not only to the inmates of the institution but to the neighbors, and as they think, endangers the health of all who come within its range.

The closets are the old outdoor style and in bad condition. We would recommend that a sewer be laid from the river to the building, and the bath room, toilets, kitchen, etc., connected therewith and as to the cost of this improvement we are unable to determine, but we think the cost should not longer be a consideration against this much needed improvement.

There are nine inmates in this institution. They are all old decrepit people, but they are in their usual health and none of them had any complaints to make of their treatment and we have no doubt but that the superintendent gives them the best treatment he can for the recompense he receives.

We have visited the asylum, male school, and reform school and find care and cleanliness prevailing everywhere. The general sanitary condition is eminently satisfactory. We believe the people in charge of these institutions are conducting them on the most approved humanitarian methods.

We find that the hospital facilities at the reform school are not what they should be, and we recommend that a suitable and separate building, detached from the main building, be constructed and supplied with up-to-date equipments for this purpose.

A few Court Results.

On Saturday Judge Burnett sentenced Charles Harris to five months in the county jail. Harris was convicted in the circuit court of "an act grossly disturbing the public peace." He was arrested by Officer J. J. Longcore in the room of a girl he was trying to induce to go to Astoria and enter a dance, hall there.

In the circuit court on Saturday a jury gave a verdict for \$399.48 in favor of the plaintiff in the case of A. C. Keene vs. Nancy J. Eldridge.

In the case of H. H. Bly vs. S. B. Catterlin the jury awarded the plaintiff \$80. This was an appeal from the justice court.

John Krell vs. Marion county, an action for damages, was transferred to Multnomah county for trial.

The juryman were excused during the afternoon from further attendance at the court.

ANSWERS EVERY CALL.

Salem People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Salem people rely on it. Here is Salem proof:

L. W. Hill, of 325 Front street, Salem, Ore., says: "Doan's Kidney Pills are not a new remedy to me, as I have used them on different occasions whenever the necessity has arisen. I have enjoyed the best of health all my life except for a touch of kidney trouble at times. Backache bothered me then, and when this has been the case I have gotten Doan's Kidney Pills at Stone's drug store and a few doses have eradicated the trouble. I am a firm believer in this remedy and know of several other people who have used it with good results. I am only too pleased to recommend Doan's Kidney Pills whenever the opportunity occurs."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's and take no other.

Local Baseball.

One victory and one defeat was the record for Salem baseball teams on Saturday. On the Willamette field the Ramblers defeated a team from Englewood by a score of 39 to 0 in a seven-inning game. The Englewood team retired at the end of the seventh, considering it better to yield than try to play it out.

The local high school team was defeated by Dallas College by a score of 7 to 3. The local team was weakened by the loss of some of its strongest players, but made a good showing for the time they have been practicing. Both these teams will give good accounts of themselves this season.

A Dandy for Burns.

Dr. Bergis, Penn., Ill., writes: "I have used Ballard's Snow Liniment; always recommended it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c and \$1. Sold by D. J. Fry.

BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.
